

Potential Participating Institutes

IISc + 23 IITs

7 IISERs

IIEST + 31 NITs

TOP 100 NIRF-Ranked Institutes

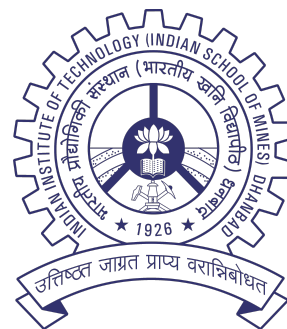

Organizing Institutes

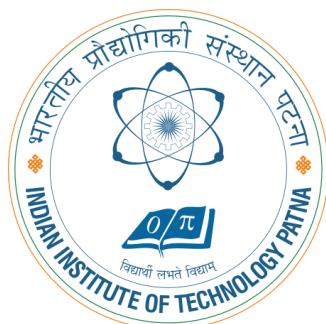

IIT KHARAGPUR

IIT (BHU) VARANASI

IIT (ISM) DHANBAD

IIT PATNA

IIT BHUBANESWAR

IInvenTiv

A GLOBAL INNOVATION SHOWCASE

4th EDITION OF LARGEST R&D INNOVATION FAIR FROM HIGHER EDUCATION INSTITUTIONS OF INDIA

2026

About IInvenTiv

Annual National R&D Fair for Innovation & Self-Reliance

IInvenTiv is a flagship annual R&D fair organized by the Ministry of Education, Government of India, to showcase indigenous innovations and strengthen the research-to-technology ecosystem. Launched in 2022 at IIT Delhi as part of Azadi Ka Amrit Mahotsav, it initially brought together all IITs and later expanded to include NITs, IISc, and leading universities. The platform bridges academia and industry by promoting technology transfer, commercialization, and collaborative innovation across priority sectors such as healthcare, energy, manufacturing, digital technologies, mobility, and infrastructure. IInvenTiv supports national initiatives like Make in India and Atmanirbhar Bharat, advancing India's vision of self-reliance and innovation-led growth.

Venue

IIT(ISM) Dhanbad

February 21-22, 2026

About Us

Message from five organising Directors

Prof. Sukumar Mishra

Earth Sciences play a vital role in resource sustainability, climate resilience, and energy security. As the host institute, IIT (ISM) Dhanbad is honoured to lead the Earth Sciences theme at InvenTiv 2026. We aim to highlight innovations in geosciences, mining, and environmental engineering that support responsible development and national priorities.

Director, IIT (ISM) Dhanbad
(Theme: Earth Science)

Prof. Suman Chakraborty

Healthcare innovation is no longer optional, but rather imperative for human dignity, resilience, and equity. At IIT Kharagpur, we view healthcare as a grand convergence of engineering, medicine, data, and societal need. By anchoring the Healthcare theme at InvenTiv 2026, we reaffirm our commitment to translational innovation that moves decisively from laboratory insight to bedside impact. We invite partners across academia, industry, and policy to co-create affordable, scalable, and globally relevant healthcare solutions that can redefine access, outcomes, and quality of life for billions.

Director, IIT Kharagpur
(Theme: Healthcare)

Prof. Amit Patra

Advanced materials form the backbone of modern technology and sustainable development. IIT (BHU) Varanasi is proud to lead the Materials Science theme at InvenTiv 2026, showcasing innovations spanning energy, infrastructure, manufacturing, and advanced functional materials. We anticipate strong collaboration between academia and industry to translate fundamental research into impactful real-world applications.

Director, IIT (BHU) Varanasi
(Theme: Materials Science)

Prof. Trilok Nath Singh

Artificial Intelligence is transforming industries, governance, and society at large. IIT Patna is delighted to anchor the Artificial Intelligence theme at InvenTiv 2026, promoting responsible, scalable, and impactful AI solutions. We look forward to engaging with industry and global partners to demonstrate how AI-driven innovation can address complex societal and industrial challenges.

Director, IIT Patna
(Theme: Artificial Intelligence)

Prof. Shreepad Karmalkar

Semiconductor technology is foundational to digital sovereignty and technological leadership. IIT Bhubaneswar is proud to lead the Semiconductor Technology and Chip Design theme at InvenTiv 2026, aligned with India's Semiconductor Mission. We seek to foster innovation across design, fabrication, packaging and systems, strengthening India's position in the global semiconductor ecosystem.

Director, IIT Bhubaneswar
(Theme: Semiconductor Technology & Chip Design)
