

Participating Institutes

IISc + 23 IITs

IIST + 31 NITs

7 IIISRs

TOP 100 NIRF-Ranked Institutes

Organizing Institutes

IInventiv
A GLOBAL INNOVATION SHOWCASE
4th EDITION OF LARGEST R&D INNOVATION FAIR FROM HIGHER EDUCATION INSTITUTIONS OF INDIA
2026

Venue
IIT(ISM) Dhanbad
February 21-22, 2026

Jointly organized by:

About Us

PM Message:-

"When science is scaled, innovation become inclusive and technology drives transformation, it lays the foundation for major achievements."

Message from five organising Directors

Director, IIT Kharagpur(Healthcare)

Healthcare innovation is central to improving quality of life and ensuring equitable access to medical solutions. IIT Kharagpur is pleased to contribute to InvenTiv 2026 by anchoring the Healthcare theme, fostering translational research that bridges engineering, medicine, and industry. We look forward to collaborative innovations that address global health challenges through affordable, scalable technologies.

Director, IIT (BHU) Varanasi (Materials Science)

Advanced materials form the backbone of modern technology and sustainable development. IIT (BHU) Varanasi is proud to lead the Materials Science theme at InvenTiv 2026, showcasing innovations spanning energy, infrastructure, manufacturing, and advanced functional materials. We anticipate strong collaboration between academia and industry to translate fundamental research into impactful real-world applications.

Director, IIT (ISM) Dhanbad (Earth Sciences, Host Institute)

Earth Sciences play a vital role in resource sustainability, climate resilience, and energy security. As the host institute, IIT (ISM) Dhanbad is honoured to lead the Earth Sciences theme at InvenTiv 2026. We aim to highlight innovations in geosciences, mining, and environmental engineering that support responsible development and national priorities..

Director, IIT Patna (Artificial Intelligence)

Artificial Intelligence is transforming industries, governance, and society at large. IIT Patna is delighted to anchor the Artificial Intelligence theme at InvenTiv 2026, promoting responsible, scalable, and impactful AI solutions. We look forward to engaging with industry and global partners to demonstrate how AI-driven innovation can address complex societal and industrial challenges.

Director, IIT Bhubaneswar (Semiconductor Technology & Chip Design)

Semiconductor technology is foundational to digital sovereignty and technological leadership. IIT Bhubaneswar is proud to lead the Semiconductor Technology and Chip Design theme at InvenTiv 2026, aligned with India's Semiconductor Mission. We seek to foster innovation across design, fabrication, and systems, strengthening India's position in the global semiconductor ecosystem.
